DETAILED ACTION

Conclusion

1. This application is in condition for allowance except for the following formal matters:

Specification

2. The specification is objected to because strikethroughs are not used in reissue applications. Changes should be shown in bracket and underline format. Further, column 4, lines 26 and 63; column 6, line 17; and column 7, lines 1 and 3 contain misspellings. Appropriate correction is required.

Priority

3. Upon review of this application by a separate group, the general consensus is that applicant does not clearly claim foreign priority in the declaration. Therefore, the acceptance of applicant's claim for priority is withdrawn. If applicant chooses to claim priority, applicant must submit a new declaration including a claim for priority.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
